

PARKING

Parking permits are issued on a first come, first served basis. Preference is first given to National Honor Society Members, then seniors, and then juniors. Students must display the parking permit on the windshield. There are a limited number of spaces available. The permit number must match the parking space number. Student drivers who wish to obtain a parking permit are required to complete the Student Parking Application and pay a \$100 parking fee. Applications are available in the main office. **Vehicles without an SHS Parking permit will receive a \$25.00 fine.**

Staff parking is located in the lot along Spellman Drive. Parking is not allowed in the Human Services lot. Student vehicles parked in the faculty lot, visitor parking, reserved spaces or in a numbered space that does not match their permit will receive an SHS parking fine (\$25.00) which will count toward an accountability in the office. Student vehicles without a parking permit will be towed at their own expense. **Vehicles parked illegally and/or in violation of school regulations will be towed at the owner's expense.** Students are required to follow all parking rules which are printed on the back of the Student Parking Application. In addition, student drivers are expected to follow all driving laws and regulations for the State of Connecticut.

TRAFFIC PATTERN

Stonington High School is fortunate to have a traffic pattern designed with the maximum amount of safety in mind. Traffic signs clearly indicate the traffic patterns. Do not drive over the lawn. Always be extremely cautious in driving an automobile on or near the school grounds because of the great number of pedestrians in the area.

Signs are posted indicating that it is unlawful to pass stopped school buses with their flashing lights on. Violators will be reported to the police. Do not pass any stopped school bus which is parked on the campus to load and unload students. **At the close of the school day all cars are to remain in the parking lot until the buses have left the campus.** Do not cut in line or leave via the entrance. Security monitors are present to ensure this happens.

The Stonington Department of Police Services assists in enforcing these traffic regulations for the safety of students, staff, and visitors to our campus.
