Attention SHS coaches!!

Stonington High School's Pawmystonian yearbook staff members need your help in providing the school community with accurate coverage of each sport. We are giving you a copy of the form we would like you to complete and return to us **once your season is over**. The sooner you can give us this form, the better so we can start entering information into the computer. You can call us with updates about ECC and All-Area selection, so don't hold onto your form just for that reason. This form is also online on the SHS sports page.

We invite you to send a team representative to one of our meetings to help us select pictures which are reflective of the season's events and to accurately identify the athletes.

Lifetouch is the yearbook photographer. They will cover action shots for one varsity game for indoor teams. Our sports editors will cover the other teams. If you or parents have any great shots, please share with us. Team photos will be taken by Lifetouch. If there is a special game or event you would like us to cover, please contact me at SHS. ATTN Winter sports coaches. Our FINAL deadline is the last week in February, so it is especially important that we receive your basic info as soon as possible. Your awards will be entered when our proofs come back.

With your help, we look forward to continuing to improve the our sports coverage to provide an accurate memory book. Thanks in advance for your cooperation.
